Good News From Ms. Li Tang To Parents,

## CMS-Buford received GAC Accreditation:

Congratulations to Cresco Montessori School – Buford Campus! We just received accreditation through the Georgia Accrediting Commission. Cresco Montessori School is very proud of the Site Director - Ms. Wendy Schuster, Montessori Lead Teacher Ms. Kavitha Christopher and all of our staff who have worked very hard. With GAC accreditation we will be able to work with Georgia's newly adopted tax credit scholarship program. We are all very excited and will continue to work hard to provide the highest quality education for all of our students and families.

*The Georgia Accrediting Commission has provided and continues to provide leadership for education in Georgia. The accrediting process stimulates local schools and school districts to provide better and safer physical facilities and to improve the qualifications of staff members, teaching conditions, and curriculum. It also provides a valid means of judging the quality of schools. As a result, the academic credits of students who transfer between accredited schools can be accepted without special examination. Accreditation by the Georgia Accrediting Commission has always been a way of recognizing schools with good educational programs. Its standards continue to serve as guides for those who want to develop good programs.*
